# A Million Ways to Dork Things Up

If you build it, they will  
come.

If at first you don't succeed, f%(# it.

Start over and build another one.

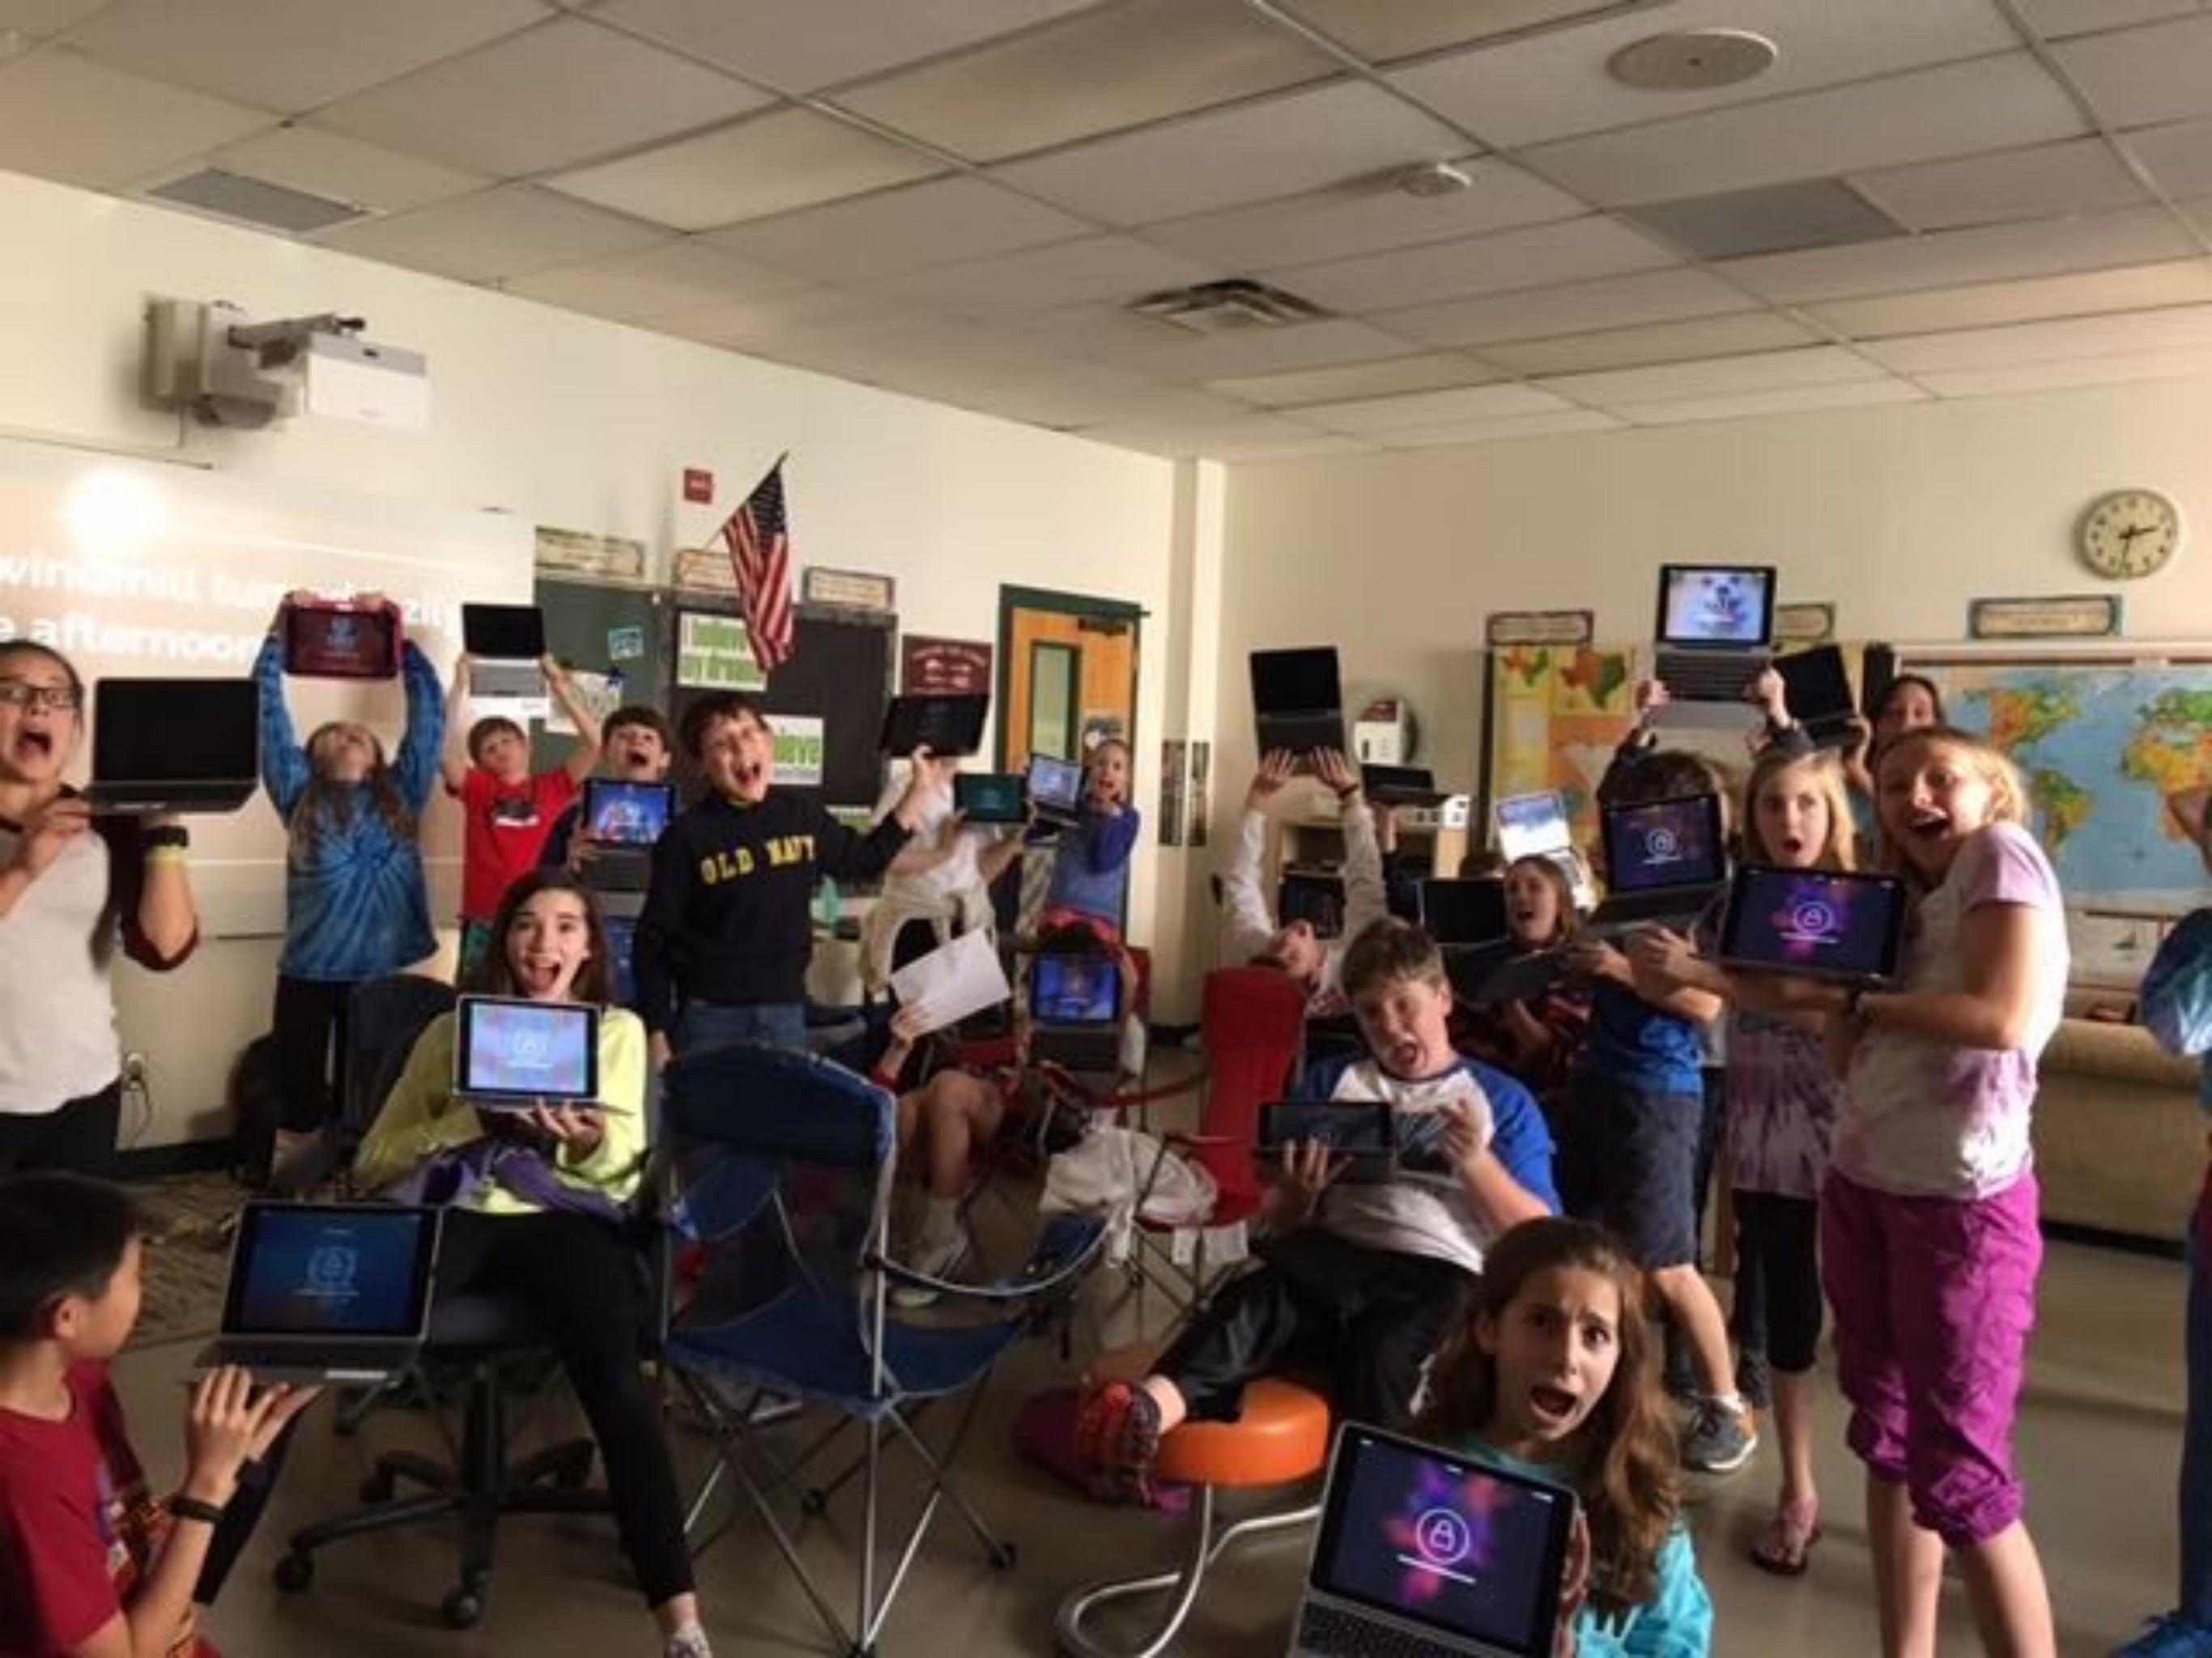

Just because you *can* do  
something, doesn't  
mean you *should*.

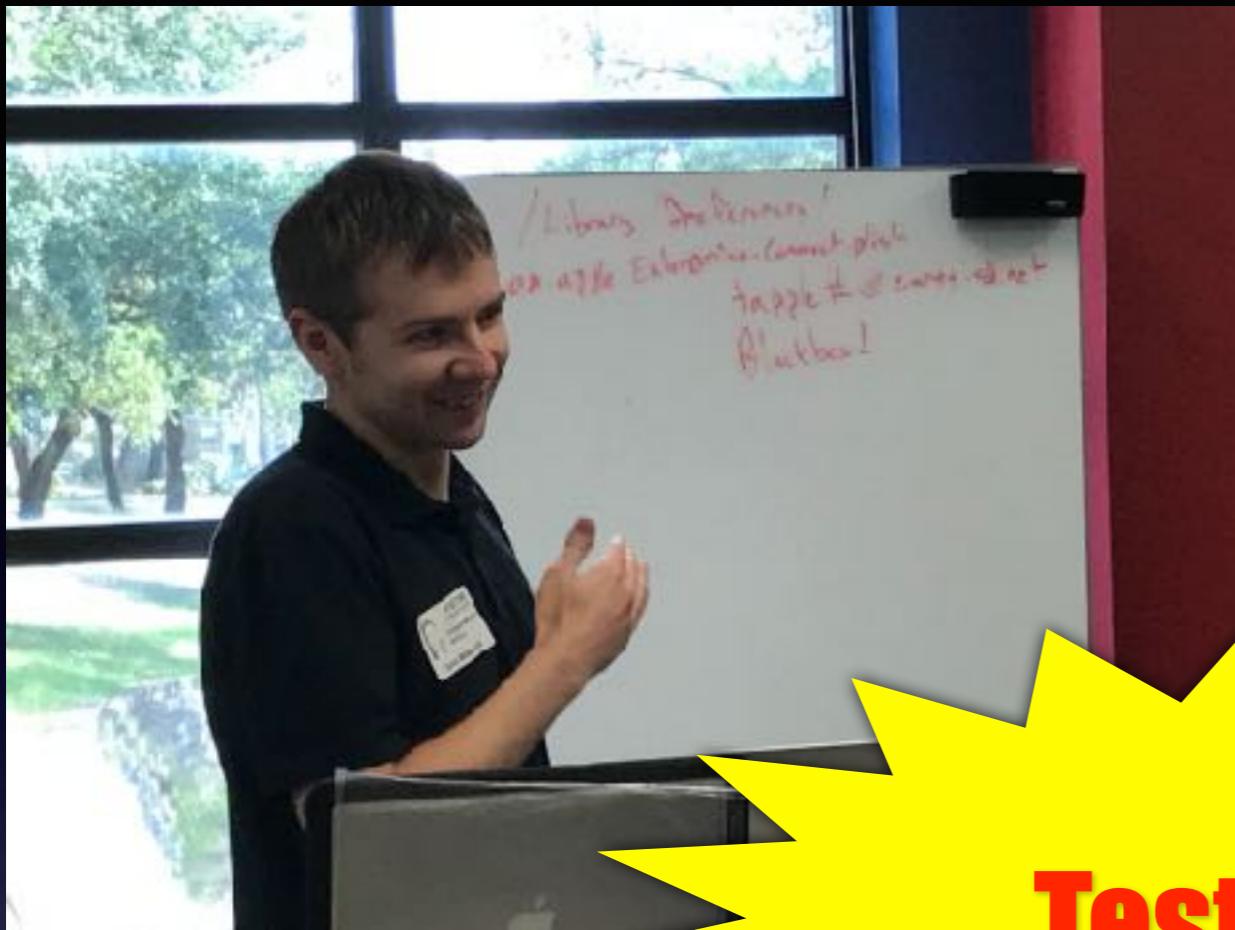

What If I Got  
Hit by a Bus?

If you insist on testing,  
always test in  
production.
